INFORMATION ABOUT OUR USE OF COOKIES

Our website uses cookies to distinguish you from other users of our website. This helps us to provide you with a good experience when you browse our website and also allows us to improve our site.

A cookie is a small amount of data generated by a website and saved by your web browser. Cookies themselves do not generally contain personal data. However, personal data stored about you may be linked to the information stored in and obtained from cookies.

Some cookies are stored and remain valid until their set expiry date (persistent cookies). Others expire when you close your web browser (session cookies).

Our site generates our own cookies and also certain sets certain third party cookies. Further details are set out below:

Our Cookies:

Name	Purpose/Further Information
JSESSIONID	Cookie that identifies unique visitor for the active session and enables users to authenticate. This cookie expires when you close your web browser

Managing Cookies

You can block cookies by activating the setting on your browser that allows you to refuse the setting of all or some cookies. However, if you use your browser settings to block all cookies (including essential cookies) you may not be able to access or use all or parts of our site.

You can opt out of interest-based advertising more generally by using the Opt Out tool on the Network Advertising Initiative's website.

For further details please visit: <http://optout.networkadvertising.org/?c=1#!/>

In addition, you may be able to use the Do Not Track feature on your browser
